

Darien Police Department

Annual Report

2017

PUBLIC SAFETY MISSION

The mission of the Darien Police Department is that of public safety. The term, “public safety,” has different interpretations for different people. It includes safety, not just in the public, but in one’s home and place of business, the driving public, etc. The Darien Police Department takes our oath to uphold the law seriously. The means by which public safety is ensured takes many methods which include not only arrests for criminal acts that have already occurred, but prevention and intervention strategies.

Our mission statement states: The mission for every member of this department is to consistently seek and find ways to affirmatively promote, preserve and deliver a feeling of security, safety and quality services to the members of our community in addition every member of this department is to consistently work with and promote cooperation within other city departments

Part I Violent Crime

Unfortunately, Darien witnessed an increase in violent crime during 2017 compared to 2016. There were sixteen reported violent crimes compared to four the prior year. There were no murders in 2017. There were two sexual assaults that occurred in 2017. One of the sexual assaults involved a minor and her second cousin. The cousin was charged with Predatory Criminal Sexual Assault of a Child and Aggravated Criminal Sexual Abuse. The second incident of rape involved two adult individuals that knew each other. After investigation the case was closed due to lack of evidence. Darien witnessed five robberies. Three of the robberies occurred at a bank. Darien Police will be the first responders to the scene but the FBI is responsible for the follow up investigation. One of the robberies that was not a bank robbery involved an individual and one involved a business. All robberies have been cleared by arrest. Aggravated Assault and Battery increased significantly. There were two cases where a knife was used which increases the severity of the crime, though no one was seriously injured. In one of the situations the offender was arrested and in the other case the victim declined prosecution. There was one Aggravated Battery with a Firearm and the subject was arrested. This was the result of a drug deal gone wrong. The other incidents resulted in prosecution being declined by victim.

<u>Crime Type</u>	<u>2012</u>	<u>2016</u>	<u>2017</u>	<u>1 Year Trend</u>	<u>5 Year Trend</u>
Murder	1	0	0	0.0%	-100.0%
Criminal Sexual Assault	2	1	2	100.0%	0.0%
Robbery	5	2	5	150.0%	0.0%
Aggravated Assault & Battery	4	2	9	350.0%	125.0%

Part I Property Crime

Darien residents saw a 46.8% decrease in the amount of burglaries from last year. Of the 25 burglaries, 13 were residential burglaries. Some of the residential burglaries were attempts without entry being made and a few were situations with the overhead garage door left open and bikes, tools or cars taken. No entry to the living quarters of the house in those situations. Motor Vehicle Theft saw an increase of four from last year. It is extremely important for residents to remember to lock your vehicle and take the keys out of the car. Approximately 93% of thefts occur when the property was unsecured.

The issue of the crime crew coming out from Chicago continued in 2017. Many juveniles come out very early morning hours and look for unlocked vehicles. They hope to take the car, but if the keys or key fob are not in the car they will look for anything of value in the car to take. On three separate occasions car burglars have been caught. No repeat offenders, but the pool of available offenders coming out from Chicago is large. In most situations offenders get away with less than \$10.00 worth of property. The

community can help themselves and their fellow community members by taking the time to secure their items – trunk it or take it is a good thing to remember.

<u>Crime Type</u>	<u>2012</u>	<u>2016</u>	<u>2017</u>	<u>1 Year Trend</u>	<u>5 Year Trend</u>
Burglary	68	47	25	-46.8%	-63.2%
Theft	293	293	229	-21.8%	-21.8%
Motor Vehicle Theft	11	10	15	50.0%	36.4%
Arson	1	1	1	0.0%	0.0%

Total Crime

Total crime is simply violent crime and property crime taken together. Total violent crime went up in 2017 compared to 2016 by 220%. When so few crimes occur any increase in this case and increase of eleven cases, the percentage change appears huge.

<u>Crime Type</u>	<u>2012</u>	<u>2016</u>	<u>2017</u>	<u>1 Year Trend</u>	<u>5 Year Trend</u>
Violent Crime	12	5	16	220.0%	33.3%
Property Crime	373	351	270	-23.1%	-27.6%
Total Part One Crime	385	356	286	-19.7%	-25.7%

Other Crime

Nuisance type crimes (criminal damage to property, criminal trespass to property, disorderly conduct, etc.) increased 7.5%. Domestic batteries decreased 10.3%.

Traffic Crashes

The safety of the driving public is of importance and Darien saw a 7.5% increase in accidents or 30 more crashes in 2017 compared to 2016. Two major issues that continue to be causal factors for crashes are distracted driving and aggressive driving. The elimination / reduction of these issues would significantly reduce traffic crashes. Officers’ enforcement of distracted drivers stayed relatively the same decreasing by 12 less tickets in 2017 compared to 2016. Moving violations went up by 25.5%. Enforcement is appropriate and will continue, but real change will come with voluntary compliance with the rules of the road by drivers.

Unfortunately this year DUI accidents went up by 66% (numeric change of 4) and in response DUI enforcement increased by 78.3% (numeric change of 36).

COMMUNITY-ORIENTED POLICING

This term is elusive and means many things to many people. It is a philosophy not an organizational unit or specific program(s). As a philosophy it is impossible to measure. However, some individual activities can be measured. Each day our officers are involved in the community. Here are some specific examples.

We had a great partnership with Safety Village this year. Officers discussed with the attendees what an officer does, how the police help the community, what an officer looks like in uniform, that kids should not be afraid of police, etc. Also discussed was proper use of 9-1-1, stranger danger, gun safety and seatbelt safety. The attendees saw a police car and the ballistic vest. The kids were engaged asking a lot

of questions. We handed out safety coloring books, badge stickers and gave them "Hugs Not Drugs" suckers. Over 100 kids between 5 and 10 were in attendance.

With approximately 42 licensed properties we have had no incidents where we needed to use the Crime-Free Multi-Housing ordinance to correct deficiencies.

Twenty-five kids were involved with Shop with a Hero in December. Officers participating were Dollins, Yeo and Stutte, sergeants Liss, Norton and Skweres and Commander Piccoli. Community Service Officer Noga also participated. Most employees attended on their own time. We have participated in this worthwhile program for over 10 years.

Sworn officers, auxiliary officers and community service officers made nearly 600 visits with individuals visiting Community Park.

Officers ensured the safety and security of homes by checking on homes 1,588 times while people were away on vacation. Officers conducted 4,372 business checks during times the businesses were closed.

Officers visited schools a total of 220 times spending 85 hours with students and staff. These 85 hours were spent on such activities as school lock down drills and walk & talks.

There are nearly 600 elderly residents who have registered themselves with the police department elderly services program.

There were 85 community engagement activities totaling 75 hours. Activities included walk & talks, block parties, tours, National Night Out, Coffee with a Cop, etc.

Darien is involved with a DuPage Group called Unity Partnerships. Their mission is to make a positive impact on the relationship between police and civilians. The group desires to create opportunities for interaction to foster mutual understanding of each other, erase negative stereotypes and develop paths for dialogue in the community.

Officers were involved in over 16,500 self-initiated calls for service in a variety of capacities. These service calls ranged from crime prevention activities to traffic enforcement to criminal / suspicious activity investigations.

HONOR

We do our due diligence to hire the best. Our officers must apply for a police position and after passing a physical fitness requirement are tested via a written examination and a structured oral interview then placed on an eligibility list. That eligibility list is good for two years.

We continually tried to hire personnel during that time but 22 officers on our eligibility list declined the position because they were hired by another agency or decided on a different life course. We had 12 candidates who were stricken for cause – failed to pass the polygraph, psychological or background phase of the hiring process.

Once hired officers go through a stringent basic academy training where both skills (driving, shooting, defensive tactics, law, etc. are trained, but so too are “soft skills” emotional survival, procedural justice,

implicit bias, etc. This year the Illinois State Training and Standards Board increased the time in the academy from 12 weeks to 15 weeks. After basic training the officers go through a rigorous 16 week on-the-job training again looking for both character and competence.

When done with the hiring process – application, orientation, physical fitness testing, written testing, structured oral interview, polygraph, psychological, background investigation, medical examination and drug testing and by extension the training process – basic academy, field training and probation we are confident that we have done our best in hiring someone of very high character and one who has been trained to be very competent in handling police duties.

Employee Recognition

We use a system called Guardian Tracker to document the various recognitions officers have received. There were over 100 positive comments entered into the system for positive interactions with the public in 2017. Officers Dollins and Jump received recognition from the Alliance Against Intoxicated Motorists (AAIM) for their service relative to drunk driving enforcement. Officers Pastick and Renner were awarded Lifesaving recognition for saving a choking child.

Employee Discipline

We want to make sure we are honorable and do not shy away from enforcing good behaviors. It is easy to do in the Darien Police Department as we have well trained and strictly vetted officers who understand and live by their oath of office. With over 24,000 interactions some of which resulted in an arrest (over 275), or ticket (over 3,600) or other form of behavior modification we received one citizen complaints. That complaint was investigated and determined to be unfounded. There were four situations were a supervisor found it necessary to write a formal complaint against an officer. Three situations were investigated and the officer appropriately disciplined and one case is pending.

Use of Force

Officers found it necessary to use force in thirteen situations. Those were reviewed and the actions of the officers were deemed appropriate. In twelve incidents the offender used personal weapons to resist and/or assault officer(s) and in all incidents the officer responded to the resistance / attack by using personal weapons. In one situation the offender was believed to be armed and he complied with orders from police who had their weapons drawn. In three incidents an officer received a minor injury and in five cases n offender received a minor injury.

PERSONNEL

We had one sworn employee retire in 2017. Kara Foyle-Price retired from her position as an officer on October 17th after 25 years of dedicated service to the community. During her career she earned 53 letters of appreciation. She retired as a detective. During her career she also held positions of Field Training Officer, Evidence Technician and Juvenile Officer. Congratulations to Kara at for her great career and good luck in her life's journey. It is difficult for the agency to lose such institutional knowledge and strong employee, we wish her well.

We had a non-sworn employee resign from the police department to take a position within the city. Mary Belmonte left the police department in November and started to work at City Hall. While with the police department she received several complimentary letters from residents.

We welcomed one new officer into the Darien Police Department in 2017. Simon Versis was hired July 24th. Simon came to us from the Kendall County Sheriff's Office where he worked in the operations division (patrol) for two years. Simon has a Bachelor's of Arts Degree in Criminal Justice from Governor's State University. Simon has completed his training and has been assigned within the patrol division. We wish him a long career.

We hired two new Community Service Officers (CSO). Paulina Noga was hired October 23rd and works throughout the week. She has a Bachelor's of Arts Degree from North Central College. The other CSO is David Avdich who was hired on November 1st. David was an Auxiliary Officer for Darien before being hired as a CSO.

It was important to be fully staffed. Much of this year especially during the summer months we were down four to six officers which is nearly 1/3rd of the patrol shift. We are working diligently to be fully staffed.

ORGANIZATION

Generally

In addition to our patrol division working 24/7/365, we continue to have a detective unit, a School Resource Officer and an officer assigned to the DEA. The detective unit handles numerous cases including criminal matters, missing persons, juvenile issues, etc. Our School Resource Officer (SRO) is not in the school to arrest offenders though he can. Most of his day is spent on positive interactions by being in the halls at passing time, in the lunch room, or stopping in classrooms. The officer assigned to the DEA task force has done a great job being involved in major drug cases in and around the DuPage County area. There are numerous functions and attempts to curtail the ills of drugs through enforcement, education and seizing of funds that were gained through illegal operations. Our K9 Unit was involved in 44 cases within the city and 27 cases outside the city. The type of work included: 23 alerts for Cannabis (55 pounds), 1 alert for Heroin (unknown weight – DuMEG case), 2 alerts for Methamphetamine (unknown amount of pills) and 12 alerts for drug equipment (12 items seized). The K9 performed 46 drug sniffs, 7 tracks, 5 residential drug sniffs, 5 building searches, 1 article search, 2 community engagements, 2 money sniffs, and 21 school searches.

Drug Related

DuMEG continues to be a great partner doing what they can to educate the public on the dangers of drugs and enforcing the law as it relates to drugs.

9-1-1

DuCOMM continues to be a good partner dispatching 7,525 calls for service and monitoring and helping officers with 16,521 self-initiated calls for service. On average about 89 calls per day.

Evidence

Members of the police department collected and entered into the property control system more than 1,500 pieces of property. Of those items more than 300 were sent to the crime lab for processed (e.g. searched for latent prints, DNA, etc.). An annual audit of the property room was completed. All drugs, firearms and money were accounted for in the audit. Additionally another 25% of the property room was audited. We located eight discrepancies. Three were data entry errors where the property was either returned to owner or destroyed, but not noted in the software. There were five occasions where the property was

placed on a wrong shelf. We destroyed 36 firearms that were no longer required for court and shouldn't be returned to the owner / person who the firearms were seized.

Training

Officers attended 974 classes receiving 4,888 hours of training learning and updating their knowledge and skills on various topics as Laws of Arrest, Search and Seizure, Defensive Tactics, Use of Force Decision Making, Emergency Driving, Evidence Handling, Mental Health, Juvenile, Cultural Awareness and many others. Officers were on the firing range six times and shooting simulator twice. All officers were proficient with the various instruments and available tactics. The Darien Police Department was ahead of the law, but the legislators have now required training in Civil Rights, Constitutional and Proper Use of Law Enforcement Authority, Cultural Competency, Human Rights, Law Updates, Procedural Justice, Use of Force, Lead Homicide Investigator and Lead Sexual Assault Investigator classes. We have completed most of the required training on these topics. Additionally we added Police Law Institute, a computer based training program to enhance officer's knowledge. Seeing what has occurred in the national scene we also trained personnel in sexual harassment, race discrimination, etc.

Building & Grounds

There were many areas that were cleaned and organized. Many changes have occurred to the Community / Training Room. Better lighting was added throughout the building, the first floor was painted and new carpeting installed. The landscaping was redone.

Equipment & Technology

In addition to changes to the building technical and equipment changes were made to assist personnel to work more effectively and / or efficiently. Such items as shields capable of stopping a rifle round. Zone phones were implemented to enhance and take photos for evidence. Twitter replaced Nixtle and we went from 387 users to 799 users. A 100Mbps wireless access was replaced with a 1Gbps.
