9. Adjournment

**POLICE COMMITTEE
MEETING MINUTES
July 21, 2014**

Call to Order

The meeting was called to order at 6:00 p.m. in the police department training room. In attendance: Alderman Kenny and Alderman Belczak, Chief Brown, Deputy Chief John Cooper, Administrator Vana, Assistant Administrator Coren.

Public Comment and Communications

There were no public comment or communications presented.

Minutes

The minutes of the June 14, 2014, Police Committee meeting were unanimously approved.

Agenda Memo – Mutual Aid Agreement-Illinois Law Enforcement Alarm System

Staff advised the City of Darien currently participates in ILEAS, an intergovernmental cooperative that facilitates mutual aid for police departments. Recently, ILEAS reviewed their mutual aid agreement and have made updates and specifically acknowledges that ILEAS was created to oversee logistics of statewide mutual aid. It also gives specifics on how the governing board operates. ILEAS allows Darien to request or deploy law enforcement resources regionally and across the state, at no cost. As an example, when a tornado struck Washington, Illinois in 2013 the Chief of Police made one call to ILEAS, which coordinated the response statewide. The City of Darien may be the beneficiaries of this service in the future, or could help nearby communities that face a similar catastrophe. The Committee unanimously approved recommending a resolution authorizing the City Administrator to sign, the Law Enforcement Mutual Aid Agreement.

Monthly Report

The review of the monthly report will be done at the Council meeting.

Adjournment The Committee Meeting was adjourned at 6:09 p.m.

38	(2) SD2 CMI PBT's – broken	No longer useful to City
39	(8) Desk Chairs - Broken	No longer useful to City

STAFF/COMMITTEE RECOMMENDATION

Based upon the above information, staff recommends that the items listed above be declared surplus property and be auctioned or disposed of.

ALTERNATE CONSIDERATION

Not approving this ordinance at this time would be an alternate consideration.

DECISION MODE

If approved by the Committee, this item will be placed on the September 2, 2014 City Council Agenda for formal Council approval.

Police Department
MEMO

TO: Members of the Police Committee
FROM: Chief Ernest Brown
DATE: August 18, 2014
SUBJ: **EOTech X320 Compact Thermal Imager**

The Darien Police Department is purchasing the EOTech Compact Thermal Imager from L-3 Communications EOTech, Inc. This will be an important tool for our department and will be purchased with seized funds.

EOTech X320 Compact Thermal Imager

320x240 Resolution 30Hz 5002021-1

The Model X320™ delivers advanced thermal imaging technology. It's ideal for hunting, surveillance, reconnaissance and first response. The X320 offers greater scene detail with 320 x 240 resolution and features a video port for simultaneous recording. This device is small enough to easily stow in your pocket and provides exceptional clarity, sharpness and overall image quality. It's perfect for challenging weather conditions like dust, smoke or complete darkness.

Available in either 30 Hz or 9 Hz

Detects human activity 800 yards away

2x, 3x, or 4x zoom

White hot, black hot and 3 color modes

Video port for simultaneous recording

Customizable camera features with provided user interface software

Up to 6 hours run time with 2 AA lithium batteries (The X320 can operate on Alkaline batteries but performance and battery life may be inconsistent).

Product Details

Length/Width/Height: 5.25" x 4.5" x 2" (13.4 x 11.4 x 5.1 cm)

Weight: 13 oz (381 g)

Pixel Count (Resolution): 320 x 240

Thermal Sensitivity: ≤ 40 mK

Field-of-View (Height x Width): 12° x 9°

Battery Power: Two lithium AA batteries

Battery Life:

Lithium: 6 hours at 77 ° F (25 ° C)

April 29, 2014

Dear Sir:

Thank you for your interest in our Holographic Weapon Sight (HWS). I have received and approved your recent T&E request. Your X320 (5002021-1) shipped on 4/29/14. You are authorized to test and evaluate this equipment for (45) days. We only ask for your honest, written evaluation of the product upon completion of the testing.

Upon completion, you have the option to keep the items and pay the invoice that will be mailed to you. If you choose to return the items, please include this letter along with the sight to the address specified below. If you return the items you may disregard the invoice and your account will be credited for the returned items.

Should you have any questions during this time, please feel free to call me directly at **410-718-0442**. We have an exceptional sighting system for CQB situations. We trust your evaluation will prove it.

Sincerely,

Mike Trotter, L-3-EOTech

Good Morning James,

I was just talking to Brandt here and he asked me to help with your request for quote for the EO Tech X320.

I brought the price down from \$3499.99 to \$3,123.75. I hope this helps.

Thank you, for your request. Please let us know if you need help with anything else.

CITY OF DARIEN
Police Department
MEMO

TO: Members of the Police Committee

FROM: Chief Ernest Brown

DATE: August 18, 2014

SUBJ: Video Gambling Survey

An updated survey was sent to several police departments regarding gaming machines in their jurisdictions. The departments that replied had no changes to the survey taken last year, except for a couple of comments.

VIDEO GAMING SURVEY

DEPARTMENT	RESPONSE FEBRUARY 2013	RESPONSE AUGUST 2014
Harvard	No increase in criminal activity or calls for service.	No change. There has been quite a bit of interest in video gambling in town and quite a lot of money lost in the City to gambling. There is some concern, although nothing has been formally expressed, as to the long term impact of so much money being lost.
Marengo	No up tick in criminal activity or traffic concerns. On the positive side, we have experienced more revenue than anticipated from the machines.	No Change.
Carpentersville	No additional call load related to gaming.	
East Dundee	Just begun to have machines installed. They do not foresee any difference in future call load.	It is generally a non-event. Some video gaming licensees have not realized the profits envisioned and I would foresee a drop-off in such operations that present themselves as "bistros", etc. We've already had one licensee that has "given up" its machines. We charge a licensing fee of \$1,000/annually and \$250/machine/annually and tie it to our liquor licensing.
Fox Lake	No problems.	
Fox River Grove	NO RESPONSE AS OF 8-15	
Hoffman Estates	No issues with video gaming in Hoffman Estates.	
Huntley	Few more establishments with video gaming, no problems to report.	
Mundelein	NO RESPONSE AS OF 8-15	
North Aurora	No increase in criminal activity or calls for service.	No Change.
Oakwood Hills	NO RESPONSE AS OF 8-15	
Pingree Grove	One in a gas station-never sees anyone playing. No problems.	
Round Lake	A # of additional gaming sites added. No complaints, calls for service. Etc.

DEPARTMENT HIGHLIGHTS

July 2014

DARIEN POLICE AT WORK

As you are aware, two years ago we implemented a park district initiative at Darien Community Park. The goal of that initiative was to encourage the use of Darien Community Park by ensuring that it was safe for families to go to and engage in positive activities that would tend to displace negative activity. The effort has clearly paid off. This year for the summer, our partnership with the park has grown through the weekly Farmer's Market, held at Darien Community Park. As you may also know, there has been some concern about the parking issues along 71st street during the Wednesday event. For the sake of clarification, the Darien Police Department's goal is one of support:

- Supporting positive park district usage
- Supporting the residents who live adjacent to the park
- Supporting the attendees to the park events
- Supporting the goals of City governance

It is my hope that in this support we are able to find a mid-point that is agreeable to all. In meeting those goals, the following factors are taken into consideration:

- Evaluating existing parking restrictions to ensure that they are practical
- Assessing the goals of City governance to ensure safe and positive use of the parks
- Ensuring the events held at the park are successful by accommodating the needs of the attendees
- Being mindful of any unreasonable burden placed upon the full-time residents adjacent to the park

Please enjoy the park and feel free to make suggestions regarding what the Darien Police Department can do to enhance your experiences at the park or anywhere else in Darien.

Darien Police officers responded to a major illegal fireworks display on Clemons during the 7th police period. These fireworks were illegal and many were of professional grade and highly dangerous. One subject was arrested and private cameras used to record the illegal activity were also inventoried. As a reminder, the use of all fireworks in Illinois is illegal. Beyond the legal ramifications, they are dangerous and should only be used by a pyro techniques expert under very controlled conditions.

On Friday August 1, 2014, the Darien Police Department administered its sergeant's promotional examination. The examination occurs in two distinct phases. Phase I was the written part administered on August 1st. The next phase of the examination process will be an assessment component that will test performance in a wide range of scenarios. The promotional test will immediately impact the vacancy left by the retirement of Sergeant David Stock, who left the department in January 2014. The promotional list will remain active for three years. Good Luck to the Darien officers engaged in this process.

We owe a special debt of thanks to the folks at Carmelite Village. Officer Austin Jump of the Darien Police Department learned that the facility would soon be demolished and took the initiative to inquire to see if it could be used as training facility for the Darien Police Department pending the demolition. He was given the go ahead and Officer Jump was able to facilitate some very essential training that dealt with active shooter preparation and breaching (making entry into buildings). Since there is no way to practice

and hone these skills without actually doing it, this training and the use of the Carmelite buildings was an invaluable resource.

We recently forged a new relationship with our counterparts in the Department of Homeland Security (ICE). As part of that informal agreement, we will make our canine available for searches related to money and drug seizures. This becomes another avenue to ensure that our canine and canine handler continue to develop their skills in a non-training environment and creates another avenue to acquire seized funds through the Equitable Sharing Program through the Department of Justice and United States Marshalls Service.

DETECTIVE STATS

Detectives began the 7th period with 52 cases; four cases were closed, two cases were closed by arrest and prosecution and two cases were exceptional closed.

There were seven (7) new cases added, and thirteen (13) cases were suspended. We began the 8th police period with 45 active cases being investigated. Including cases that have been suspended pending lab results, we have the following:

- 30 cases from 2014
- 25 cases from 2013
- 2 cases from 2012
- 1 case from 2011

Cases include:

- 12 theft incidents including identity
- 8 burglaries
- 5 burglary to motor vehicle
- 3 hit and run traffic offenses
- 2 robberies
- 2 death investigations

CRIME PREVENTION

The Darien Police Department continues to work with other agencies to identify potential threats to Darien from individuals being released from the Illinois Department of Corrections and paroled to this jurisdiction. We recently learned of a particular penitentiary release to Darien who has a violent background. The Detective Unit and Crime Analyst will be coordinating with the Illinois Parole Board to identify the subject's parole agent and we will be seeking ways to monitor this subject as long as he remains on parole.

CRIME FREE HOUSING ORDINANCE

We recently completed training of two officers in furthering the implementation of our Crime Free Housing Ordinance. We anticipate that we will shortly commence training the property managers in the Crime Free Housing Ordinance protocol. The training will consist of; ordinance provisions, registering properties, writing smarter leases, collaborating with the Darien Police Department among several other topics. The Crime Free Housing Ordinance, training and implementation are being developed to take additional steps at keeping Darien one of the safest cities in the Midwest. The goal is to ensure viable stake-holdership and to create a sense of community as newer citizens move into Darien as renters and ensure that they, early on, become fully engaged in a culture that supports good citizenship and safety.

CRIME TIPS

There were nine (9) burglaries to motor vehicle incidents that occurred during the 7th police period. Four of those were cleared by arrest, with the arrest of a juvenile subject. We were able to recover some proceeds taken in those burglaries as a result of the arrest. Kudos to the Darien officers making the arrest! As great as it is to get an arrest, it means that TEAM DARIEN (police and citizens) has once again failed at our jobs. I say that because all nine of the vehicles entered were entered by way of a vehicle that was left unlocked. The burglary to motor vehicle incidents all occurred overnight and it is, therefore, unlikely the burglary suspect would risk breaking a window if the doors had been locked. Please remember to lock your doors. The officers of the Darien Police Department will continue aggressive preventive patrolling and work to zero in on known offenders, but it is far better to prevent the burglary than to respond to it.

CHILDREN IN THE ROADWAY

Many schools will open prior to the next update from the Darien Police Department. As the schools open, more and more of our young people will be moving about. For the high schools there will sporting events, for the junior High and middle schools there will be other events. As motorists, we all need to add an extra dose of vigilance to our driving so that our young people are safe. PLEASE WATCH OUT FOR CHILDREN.

Schools Closed - Vacation	
---------------------------	--

Elderly services officers conducted a special event at the Wal-Mart where they informed the public about the resources the police department could make available to them and their families. Seniors were given File for Life cards and pamphlets warning about Gypsy/Senior scams and how to protect themselves.

Officers also gave several presentations to the children attending safety village, they spoke on stranger danger, online safety, explained their equipment and how children should be comfortable approaching officers to ask questions or tell them when they need help. Officers finished by giving the children a "tour" of their squad cars.

Several tours conducted of Police Department, including one to the students of ABC Land.
